Redireccion di desperdicio na Parkietenbos a cuminsa for di ayera

Despues cu comunidad a keda informa cu for di ayera 22 di augustus, dump di Parkietenbos no lo ricibi mas taira como desperdicio, minister di Integridad, Naturalesa, Transporte y Asuntonan di Adulto Mayor, Ursell Arends a ofrece un conferencia di prensa ayera mainta dilanti Parkietenbos pa duna mas informacion riba e topico di maneho di desperdicio di un forma responsabel.

Den presencia di otro stakeholders como Bureu City Inspector, Serlimar, Ecotech y Carentra VBA, minister Arends a splica cu e plan pa cuminsa cu e redireccion di desperdicio a cuminsa for di ayera, unda no ta bay kima mas taira den aire liber.

Manera a wordo anuncia seis luna pasa, e plataforma "Trash 2 Cash" ta bin pa inicia e caminda di maneho di desperdicio di un manera responsabel basa riba e principio di un economia circular, pa asina por stop tur e desperdicio di yega na dump di Parkietenbos.

Tairanan riba dump ta causa un peliger pa medio ambiente y salud di habitantenan den bisindario. Pa trece un solucion, comerciante local ta bay procesa taira y crea grondstof adicional den forma di azeta. E azeta genera por ser bendi riba mercado local, cual ta percura cu menos fondo ta bay den exterior y lo sigui circula den economia.

"Awe 22 di augustus di 2022 ta marca e inicio pa paga e candela di dump di Parkietenbos", minister Arends a señala.

Tambe el a bisa cu esaki ta bay duna balor na e bario di Parkietenbos y henter comunidad rond di e dump. Cu esaki tambe ta bay brinda e oportunidad pa haci un inventario di tur posibilidad cu tin na Aruba pa haci uso di diferente metodo pa procesa desperdicio cu no ta encera hiba e desperdicio na dump y kim'e.
"Mi vision ta pa cera Parkietenbos, pa redirigi diferente di e desperdicionan na esnan cu tin experticio y tambe infrastructura pa procesa esaki di un manera responsabel. Unabes cu dump no ta ricibi desperdicio mas, esey ta brinda e ora ey e oportunidad pa cap esaki y tambe pa converti e area aki den un parke solar", el a sigura.

Ademas, Arends a comenta cu tin biaha cambionan ta bin cu resistencia, pero den esaki el a enfatisa cu mester compronde e aspectonan aki cu tin den comunidad, cu mayoria di biaha ta pa falta di informacion of miedo pa loke ta bin cu cambio y inseguridad. "E parti principal ta cu esaki ta un interes personal, como minister mi ta trece un maneho cu ta encera cambionan y mi a scoge pa usa e forsa di resistencia como e forsa pa sigui pa dilanti y pa haci lo cual ta miho pa nos pais", el a sigura.

Igualmente a declara cu no ta un opcion mas pa laga e bario cu a wordo perhudica pa decadanan sigui wordo perhudica. "E no ta un opcion mas pa nos sigui destrui naturalesa y no ta un opcion mas pa sigui debilita nos unico pilar economico, esta turismo, y tampoco ta un opcion pa nos pone nos propio salud y bienestar como prioridad. Nos unico opcion como pais ta pa usa nos forsa y nos energia positivo pa cambia nos mes", el a manifesta.

Representante di Serlimar, Jermaro Emerencia a expresa cu nan a coloca un borchi na dump pa asina por yuda comunidad ta miho informa tocante cu no ta acepta mas taira y cu e manera cu nan ta bay tuma e tairanan ta bay pa via di baki. Di esaki Emerencia no a duna mas detaye sino cu den proximo dianan nan lo anuncia esey via rednan social.

Eduard Jimenez, manager di operacion di Ecotech Freezone, a bisa cu nan ta cla pa ricibi e tairanan manera nan a anuncia un luna pasa, unda cu den e luna aki nan a haci preparacionnan y organisacion pa tairanan por cuminsa yega cerca nan. Tambe el a indica cu nan ta apoya iniciativa di minister Arends pa un Aruba mas sostenibel.
Comunidad tambe a wordo informa cu tin opcion pa e desperdicio di tairanan, unda e sugerencia di prijs pa tireshop ta lo siguiente: Tur compania di taira por dicidi riba nan mesun prijs, e lista ta solamente un sugerencia pa aclaria cualkier informacion cu comunidad por tin. Gobierno di Aruba a aclaria cu nan no ta impone prijs riba ningun compania.

Di otro banda, diferente compania di tireshop a publica un comunicado di prensa dia 19 di augustus ultimo, unda nan a splica cu door cu gobierno a anuncia di no acepta mas taira den dump di Parkietenbos, y cu awor nan mester hiba esakinan na Ecotech of Carentra na Barcadera, tambe e prijs pa ton pa hiba e tairanan na e compania ta bay subi 300%. E subida aki a wordo experiencia caba na september di 2021.

E documento ta indica cu na augustus di 2021 tabata 15 florin pa ton, 1 di september 2021 a subi na 60 florin pa ton y awor 22 di augustus na 190 florin pa ton.

Nan a remarca cu costo di bida ta subiendo drasticamente y nan no ta di acuerdo pa bay pone pueblo di Aruba pa paga pa e gastonan aki imponi.

Pa e motibonan aki algun tireshop no lo tuma e tairanan bieu mas di nan clientenan te ora cu Gobierno di Aruba y stakeholders recapacita riba e prijs extra aki imponi riba pueblo, manera nan a sigura. Nan lo sigui delibera cu Gobierno pa yega na un acuerdo.

Tocante esey, Gobierno a remarca cu "esaki ta un grupo solamente di tireshop. Mayoria tireshop y agencianan tur ta sostene e maneho aki, como e ta esun responsabel. Ta na e consumidor awo pa scoge responsablemente".

WEB a brinda informacion y disculpa na comunidad pa blackout di dialuna mainta

Dialuna marduga Aruba completo a experiencia un blackout, scolnan a keda sin habri y varios otro negoshi tampoco por a cuminsa opera mesora, mientras cu e coriente tabata bay y bin.

Alfredo Koolman, Director di WEB a brinda un splicacion durante un conferencia di prensa Dialuna atardi splicando mas riba kico tabata e situacion cu a presenta pa locual tabata e fayo cu a causa e blackout aki, lagando henter Aruba sin coriente pa algun ora.

E blackout a sucede mas o menos cuarto pa cinco di mainta, WEB a hiba un proceso di mas o menos seis ora pa recobra e suministro di coriente riba e isla. Ta asina cu cuarto pa cinco tabatin un incidente den e planta di WEB unda cu a perde e motornan nobo cu a wordo tuma over na inicio di Juli 2022. Esaki a conduci, segun Sr. Alfredo Koolman ta splica, cu WEB a haya nan mes den un situacion extremo unda tur produccion di coriente a bin abao. Gradualmente despues di tur esfuerso di personal, e director a bisa cu nan por a cuminsa haya un miho bista di e situacion, conhuntamente cu ELMAR a haci esfuersonan grandi pa recobra e suministro completo. Te na cierto momento esaki tabata bayendo bon, sin embargo e planta di WEB a confronta cu problemanan cu a conduci un di dos blackout rond di 8or di mainta.

Akinan mester a bay atrobe den un di dos intento pa busca e manera pa recobra e suministro – cada bes ta importante pa determina kico ta e origen di e problema, atende cu esaki di forma responsabel pa por recobra suministro di energia.

WEB ta lamenta cu mester haya nos mes den situacion di blackout y a duna un splicacion amplio riba cambionan di sistema cu nan ta bezig cune, cual ta un 'transicion fundamental' for di vapor pa 100% motor, cual ta rekeri hopi esfuerso di tur personal y esaki ta algo cu ta di lamenta, pero ta fayonan chikito cu por pasa segun Sr. Koolman a declara na prensa.

Naturalmente cu cada incidente cu nan haya nan ta bay investiga debidamente y pone procedura di investigacion tuma luga pa busca tur posibel contribucion na e problema. Pa cada incidente loke WEB ta haci cada bes ta determina e causa, e origen di e causa, di tal forma cu por tuma medida pa evita un ripiticion. WEB a pidi su disculpa na comunidad pa cu esaki, sinembargo ta bisa cu e personal semper ta haci tur loke ta posibel pa recobra suministro mas rapido y tuma medida pa evita ripiticion.

Hopi mas pensionado ta acudiendo na Fundacion Pa Nos Comunidad pa ayudo

Gianaika Van Der Biezen, director di Fundacion Pa Nos Comunidad, ta splica cu ta bon pa sa cu FPNC ta bay back pa ta e 'tweede lijn'; nan no ta 'eerste lijn', cual ta hopi importante pasobra nan ta esnan cu ta referi clientenan na e fundacion. Algo pa remarca ta cu e fundacion ta hayando bishita di hopi mas hende pensionado cu ta acudi na nan pa ayudo.

FPNC actualmente no por carga e capacidad pa haci e trabaonan di 'eerste lijn' cu ta intake huisbezoek, esey ta wordo haci riba escala chikito. Eerste Lijn na su luga e ora ta haci e 'intake' y referi e cliente cerca e fundacion, asina Sra. Van der Biezen ta splica. E fundacion ta wak berdad crecemento y un cambio den e famianan, ta wak cu hopi mas pensionado ta acercando FPNC, sigur esnan cu no tin un areglo completo di pensioen, of esnan cu tin un volledig pensioen pero nan gasto toch ta halto. A ripara un cambio den esaki, pues no ta 'bijstand trekkers' so ta acudi aworaki of famianan cu ta temporalmente den problema, "esey so tabata e unico cu mi ta wak cu ta resalta den e peticion pa pakete", segun e directora ta sigui splica.

E fundacion tin actualmente pakete cu por parti, pero pa final di aña mester bin cu diferente campaña of pa ta creativo riba con lo por yega na fondonan pa por distribui pakete. Te cu awor e fundacion ta bendiciona cu por a haya hopi donacion y fondonan disponibel, pero tambe por a mira cu prijs di productonan ta subiendo, pues por ta den futuro e paketenan por bira mas chikito. "Tur cos ta depende di e fondonan cu lo ta disponibel pa e fundacion. Pa nos por sostene tambe e eerste lijn."

Actualmente ta conta cu 350 famia registra cu ta hayando pakete di FPNC. E ta varia, di constelacion di un, dos, tres of cuater, of mas cu cinco persona.

E fundacion a inicia cu Participatie Projecten pa personanan cu por ta mester un diploma, por ehempel a haci recientemente un Nail Tech event unda por siña con pa haci huña, pa asina genera nan mesun entrada. FPNC ta bay haci un otro na November. Tambe uno di Pastry Skills, e idea ta pa nan para stabiel riba nan mes y no lo mester ricibi pakete mas e ora. Esaki ta un manera pa e fundacion cuminsa siña e clientenan 'con pa pisca' en bes di duna nan e pisca, pues den otro palabra pa nan mes por sigui na para stabiel riba nan mes cu e yudansa aki cu nan ta ricibi.

Diahuebs ultimo, 18 di augustus, Prome Minister Evelyn Wever- Croes, hunto cu Vice Prome Minister, Ursell Arends a anuncia cu no lo introduci BTW mas na januari 2023, pero mas bien lo aumenta e tarifa di BBO cu 1% of 1.5%. E aumento ta stop temporalmente e introduccion di BTW cu aworaki ta poni pa wordo introduci januari 2024.

Prome Minister a splica durante e conferencia di prensa cu e Reforma Fiscal ta parti di un di e acuerdonan haci cu Hulanda den cuadro di e landspakket y un parti di e Reforma Fiscal ta e BTW. Den cuadro cu esaki Departamento di Impuesto, como tambe Prome Minister, a reuni cu gremionan y a scucha e preocupacionnan di gremio comercial, sindical y di comunidad en general riba e introduccion di BTW.

E preocupacion principal cu tin, Prome Minister a remarca, ta e efecto inflatorio cu esaki lo tin, pero tambe e preocupacion di comercio ora a indica cu lo no bay baha BBO pa despues bin cu BTW. Tur esaki lo causa un efecto inflatorio mas halto ainda.

Si introduci e BTW sin kita e BBO, e impacto riba inflacion lo ta mas cu 15%, mientras cu kitando e BBO, e ta casi 11%. “Lo tin un inflacion mucho grandi. Pues, a dicidi cu awor no ta prudente pa introduci e BTW pa prome di Januari 2023”, Prome Minister a indica.

Gobierno di Aruba a tuma e decision den consulta cu henter e ekipo di finanzas pa no introduci BTW y aumenta BBO. “E efecto inflatorio di e BTW ta casi cuater mas halto cu djis hisa BBO,” Prome Minister a bisa. El a agrega cu nan tin pensa pa bin cu compensacion pa medio di reduccion di inkomsten belasting pa cierto categoria di trahado y pensionado.

Den cuadro cu esaki 17 organisacion representando comercio, doñonan di trabao y empleadonan, a manda firma declaracion pa Prome Minister, Minister di Finanzas y Cultura, Xiomara Maduro y Minister di Asuntonan Economico, Comunicacion y Desaroyo Sostenibel, Geofrey Wever, como tambe pa Parlamento di Aruba, Raad van Advies y College Aruba Financieel Toezicht (CAft), referente e reforma fiscal.

Den e declaracion aki e diferente organisacionnan aki AFCA, AFBA, AHATA, AJA, ATIA, ATSA, CUA, IAA, KVK, SEPPA, SIMAR, SNBA, SPA, STT, VRPA, VWI y WAB ta expresa nan preocupacion y ta conseha Gobierno di Aruba pa no implementa ningun reforma fiscal of ni aumenta e carga actual, esta BBO, di ningun forma te ora cu e stakeholders concerni a haya suficiente tempo pa analisa y proporciona comentario ariba e legislacion proponi.

E organisacionnan ta indica cu e stakeholders lo instala un comision di tres experto den e materia pa analisa e medidanan di e Reforma Fiscal cu Gobierno di Aruba ta propone, determina e consecuencianan, financiero, economico y social di e reforma, y proporciona sugerencia- of consehonan realista pa loke ta trata un Reforma Fiscal cu ta adecua pa e bienestar di Aruba a largo plaso.

Ariba mas cu un ocasion gremio comercial a vocifera nan posicion referente BTW. Frans Ponson, presidente di Comerciante Uni Aruba (CUA), a remarca varios biaha cu BTW no ta algo malo. El a splica cu esaki lo yuda cu cumplimento, locual ta bay trece mas placa den caha di gobierno, pero segun Ponson ta subraya y manera CUA a yega di menciona caba, BTW ta un sistema cu niun comerciante na Aruba a traha cune y no ta algo cu por wordo implementa den dos of tres luna. “BBO mes cu tin mas cu 15 aña cu a implement’e, ainda tin comerciante cu ta hacie malo”, el a señala.

Inicialmente Gobierno di Aruba a indica cu nan kier implementa BTW na final di aña, pues entrante 1 di januari 2023 y na esaki CUA a responde cu a esey ta imposibel. El a enfatisa cu nan ta pro BTW pero nan kier pa e wordo implementa di e manera corecto.

Durante e conferencia Prome Minister a bisa cu gremio comercial mes a sugeri pa hisa BBO, pero presidente di CUA, Ponson a desmenti esaki. Ponson a bisa cu e decision pa hisa BBO cu 1% of probablemente cu 1.5% ta bay crea caos den comunidad. Ponson a haci un calculacion cuanto e BBO lo bira si hisa cu 1.5% y e cifra ta 8.1% pa e consumidor.

“Ora cu a dicidi pa cobra BBO riba BBO, e ta nifica cu e comerciante mester cobra e consumidor mas cu djis e cifra di BBO. Y tin hopi cadena. Cu dos cadena ya caba e BBO ta bay bira 16.2%.” E consecuencia di esaki ta cu mas hende cu nunca lo cumpra nan producto directo for di Amazon lo cuminsa haci esaki.

“Kizas hopi hende no ta realisa cu ya caba Amazon ta manda un container pa siman. Consumidornan lo bay cumpra directo y esey lo nifica un caos grandi.” Den otro palabra, Ponson ta premira cu mas negoshi lo cera nan porta y cu Gobierno di Aruba ta bay logra net lo contrario cu locual nan kier.

Atrobe reforma structural...
Ta keda na palabra so...

E siman aki, mientras ta mas importante pa enfoca riba e cosnan grandi cu mester tuma lugar, nos ta keda pega den e discusion tocante e BTW cu a keda posterga – o cancela y na su lugar gobierno lo aumenta BBO. Asina lo por cobra como 100 miyon extra na 2023, pa purba presenta un presupuesto balanza. Gobierno oportunamente ta kita atencion di comunidad for di e otro cosnan cu lo bay introduci, pero muy probablemente nan ta laga e trabao ey na gobierno Hulandes, cu lo impone e demas cosnan aki awor y den e proximo añanan. Pesey ta importante pa nos re-enfoca riba e totalidad di asunto cu mester keda regla relaciona cu e proceso di conseha un aanwijzing y e intentonan pa evita esaki.

Laga nos cuminza cu evalua loke nos sa na e momento aki. Nos sa cu na inicio tabatin un lista specifico di deseo di CAft cu nan ta haya cu gobierno lo mester sigui pa haya aprobacion di presupuesto 2022. Nos Promer Ministro a pasa un bon parti di su vacacion na Hulanda pa atende e asuntonan aki, y na su regreso nos no a haya nada di tende, salvo e asunto di gasto di personal unda e mes a declara cu a keda un diferencia di opinion entre CAft y gobierno di Aruba. Tocante e otro topiconan nada. Awor, nos por comprende cu no por divulga tanto informacion detaya tocante e puntonan riba mesa, pasobra posiblemente no tin un situacion final unda a caba di trata tur. Y naturalmente ta na gobierno di Reino pa tuma decision final den e asunto. Kico anto nos mester pensa di e mensahe di nos Promer Ministro? Cu no a logra yega na un acuerdo completo, y por lo tanto tin un aanwijzing na caminda, aunke e no por bisa esey cu tanto palabra?

Di loke nos ta tende na Hulanda mes, e ambiente entre gobierno di Aruba y esun di Hulanda ultimamente no ta positivo. Mas persona a ripara cu recientemente, na e ceremonia di cambio di mando na Marinierskazerne e unico representante di gobierno di Aruba tabata nos Gobernador... For di Hulanda a haya tende, via gobierno di Aruba mes, cu e deliberacionnan cu gobierno Hulandes y CAft a bay den bon ambiente, pero pa loke ta resultado di e conversacionnan nos lo mester warda te ora cu e proximo reunion di Conseho di Ministro di Reino tuma lugar.

Awor, kico ta e puntonan di cual gobierno no ta bisa nada, y cu CAft a ripiti den su ultimo carta di notificacion di e conseho pa un aanwijzing? CAft a mustra e.o. riba e motibo pakico nan ta enfatiza e urgencia pa cuminza atende e debe grandi di Aruba: den e periodo 2023 – 2027 Aruba tin mas di 4.000miyon florin di debe cu ta madura y mester refinancia. Mirando e situacion di mercado internacional, unda interes en general ta subiendo continuamente, ta importante pa inicia saneamento di finanzas publico awor mes. Fia placa via Hulanda tambe ta bira necesariamente mas caro.Pesey mester limita deficit na 2022 y desde 2023 cuminza percura pa surplus. Por constata ademas cu di e 13 puntonan cu CAft a trece dilanti, gobierno a cumpli cu un so: inclui e suma completo di e cobranza di loonsubsidie paga di mas den e presupuesto multi-anual. Esey ta un di e tareanan facil...

Tambe CAft a trece dilanti cu no ta posible establece e realismo cu e presupuesto multi-anual (2023 – 2026) mester tin. No tin un splicacion bon pa e 160 miyon florin cu e BTW lo mester a trece aden y ademas ta calcula cu pago di interes lo baha a base di logra un surplus di 1% tur aña, mientras cu e presupuestonan mes ta mustra un deficit tur aña te na 2026... Mester financia e deficitnan ey, loke ta costa mas interes... Ta e tipo di contradiccion aki ta causa preocupacion na Hulanda. No ta un cuestion cu Hulanda 'ta maha djis pa gana di maha'. Ta facil pa purba bende e imagen ey cerca publico, cu e griteria barata tocante 'colonialismo Hulandes', pero esey no ta cambia e realidad actual.

Den e dianan aki tin na Aruba e equipo di e Tijdelijke Werkorganisatie (TWO) Hulandes pa evalua ki avance tabatin cu e Landspakket acorda. No ta ni interesante pa haya sa mas di esey, pasobra di tur manera e avancenan ey ta minimo. Esey no ta solamente, ni na promer lugar, a causa di e cuadronan experimenta cu gobierno di Aruba no tin disponible pa traha riba e diferente tareanan palabra. E causa principal ta cu gobierno, en general y no solamente esun actual, no tin den nan DNA pa ta pro cambio, mucho menos exigi di e aparato publico pa traha cu diligencia riba e proyectonan acorda. Claro cu publicamente nunca lo admiti esey, nan ta obliga pronuncia nan mes na fabor di tur e cambionan positivo cu mester bin. Realmente e asunto di BTW, cu no a keda cla na tempo pa introduci, ta un ehemplo bibo di e 'mala gana' cu ta existi pa introduci algo cu Hulanda y IMF ta haya importante, y cu tin cierto apoyo tambe den sector priva, pero cu gobierno aparentemente no ta desea. Seguidamente ta logico tambe cu ta laga e medidanan importante na Hulanda, pa por 'laba man' bisando cu no ta nan a tuma medida. Esey nos lo haya sa pronto.

Presidente di Parlamento Edgar Vrolijk

Preparacionnan pa aña parlamentario nobo ta andando

Tur aña tin aña parlamentario, esaki ta cuminsa dia 12 di September cu ta eleccion di presidente di Parlamento y dia 13 di september ta e dia oficial unda cu ta cuminsa e aña di parlamento. Presidente di parlamento actual Edgar Vrolijk ta duna di conoce cu parlamento ta den full su preparacion unda cu a caba cu tur loke ta logistica y na unda cu e invitacionnan lo mester sali pa e personanan cu lo mester asisti e mainta special aki,despues di e comienso di aña parlamentario , lo bini hunto un rato cu e invitadonan special.

Banda di prepara pa tur loke ta logistica pa e evento di aña parlamentario cana segun regla, tambe presidente di parlamento mester ilustra y haci entrega di un bista di cuanto reunion tabatin, comision central, hoorzitting, cuanto pregunta e minister nan a haya y a contesta. Den su totalidad Parlamento lo mester duna un bista di kico ta tur e trabaonan cu a keda haci durante di henter e aña di parlamento.

Sinembargo un punto cu presidente di parlamento Edgar Vrolijk lo kier trece padilanti ta si lo wordo publica e lista di presencia di parlamentarionan cu ta presenta na pia di trabao pa reunionnan publico, esaki ta e reunionnan di OV cu ta reunionnan oficial di reglament van orde cu cada parlamentario mester atende.

Segun presidente di parlamento Edgar Vrolijk den bista di transparencia lo mester por pone kende ta bini trabao y kende no ta presenta na trabao. Actualmente tin un mocion den parlamento unda cu ta bisa cu esunnan cu no ta traha no ta wordo paga, aunke e ta un mocion dificil pa aplica, pero si ta kere cu ta importante pa duna pueblo e derecho ken ta bin trabao y kende ta atende e reunion publico na un manera serio.

Den henter e aña parlamentario tin un total di 16 ley cu a drenta pa loke ta e aña parlamentario 2020-2021 y e unico ley cu falta pa wordo atendi ta e ley di presupuesto di DOW cu riba agenda e lo tuma luga dia prome di september proximo, pero e tardansa aki no ta di parti di parlamento mes, pero esaki ta debi na DOW mes su entreganan laat na parlamento.

Asina cu e reunion aki tuma luga por bisa a trata tur ley pa full loke ta e aña di parlamento 2021-2022,tur ley ta na ordo y a cana tur proceso y tur cos ta na ordo. Parlamento ta completamente up to date y si tin algo cu no a keda cla ta den man di gobierno mes. Si mester mira e lista te na e momentonan aki ta mira cu tin zero vragenuur, esaki ta un di e toolsnan mas importante cu parlamentarionan tin den nan man unda cu si no ta haya contestanan di e mandatario conserni por yama e minister den parlamento y den un reunion publico e mandatario lo mester duna parlamento e contestanan.

Ta keda na cada parlamentario pa haci uzo di nan instrumentonan cu nan tin y pa e minister tambe cumpli cu e deber cu nan tin. Presidente di parlamento Edgar Vrolijk ta duna di conoce cu nunca bo no ta satisfecho, pero si ta contento cu ta mira mehoracion. Segun Presidente di parlamento Edgar Vrolijk desde cu a keda apunta como presidente di parlamento por a tuma nota cu tabata un poco caos unda cu reglanan cu tin a wordo laga un banda, pero cu na momento cu a bini a aplica nan dinobo. Na prome instante a cuminsa implementa cambionan chikito principalmente unda cu tur e documentonan ta wordo saca y ta pone tur cos na ordo. Tambe e site a keda poni na ordo y e procesonan aki tambe a cana nechi manera mester ta. Aruba por a tuma nota cu den sala unda cu e reunionnan a keda tuma a bay den un forma trankilo unda cu no tabatin mucho desordo riba tribuna, pero te ainda e parlamentarionan mester pone disciplina pa nan mes.

Segun presidente di parlamento esaki ta keda na cada parlamentario mes di su manera cu e ta hiba politica, pero ta kere cu cada un di nan mester mantene nan mes na loke ta trata e reglamento di parlamento. Segun presidente di parlamento hopi biaha mi a ser cuestiona , pero esey no ta significa cu ta kibra e regla aki, pero un presidente di parlamento por y mag di corigi un parlamentario den parlamento.

Segun presidente di parlamento na momento cu un parlamentario haci un fout porehempel ta aplica un vraagpunt malo, un stemmotivering malo, punt van orde malo, e presidente di parlamento cu ta dirigi e reunion tin cu para esaki y guia e parlamentarionan cu nan ta fout y na unda cu nan ta wordo corigi.

Den tur e procesonan aki a mira un cambio durante lunanan unda cu por a mira un miho calidad di parlamentarionan, aunke cu por miho, segun presidente di parlamento Edgar Vrolijk. Prome cu e aña parlamentario nobo lo reimplementa e reglanan bek den parlamento , porehempel lo mester uza e box nan den parlamento mas eficiente, no por ta asina cu por para memey di tribuna ta graba mirando c uta pa e motivo ey tin e cambernan di prensa specialmente traha pa e medionan. Como prensa tin libertad di prensa pero tin ordenansa tambe. Na Hulanda, Corsou, Sint Maarten por bisa na tur e islanan ta asina y na Aruba so ta free for all unda cu ta dies un dia pa otro ta dicidi cu ta filma unda cu ta den parlamento.

Presidente di parlamento Edgar Vrolijk ta duna di conoce cu di e tiki forsa cu tin pa tur cos cana bon den parlamento tin cambionan ta sosode unda cu gruponan ta traha cu alma y cuerpo unda cu ta traha cu hopi smaak pa tur cos cana manera nan mester cana.

September awo parlamento lo bay Hulanda unda cu griffier tambe lo bay Hulanda pa asina pidi ayudo tecnico pa asina busca e miho opcionnan pa independisa parlamento. Tin diferente manera cu parlamento lo por bay independiente sea ta operacional independiente of finansieramente full independiente.

E Tussenrapportage di e Doorlichting cu a tuma luga a keda publica cu 13 recomendacionnan con pa mehora enseñansa na Aruba. E meta di e bishita na Aruba ta pa finalisa tur punto pa trece e Rapport pa Aruba. Durante nan estadia laboral nan a reuni cu diferente stakeholders entre otro ambtenaar, 'schoolleiders' y profesionalnan den e veld di enseñansa. Sr. Martijnse a enfatisa cu sigur e tabata un siman di hopi trabou pero alabes hopi fructifero.

Sr. Martijnse a sigui bisa cu Minister Endy Croes ta hopi involvi cu e trabou riba e aanbevelingen di e Tussenrapportage . Semper ora Inspectie di Hulanda tey e mandatario di Enseñansa ta pasa pa saluda y informa su mes riba e ultimo desaroyonan como tambe reuni cu nan pa keda na altura di tur desaroyo.

Riba diferente di e recomendacionnan di e 'Tussenrapportage' Minister Endy Croes ta trahando caba pa implementa esakinan. Recomendacionnan 1,2,9,10,11,12,13 ta entre esnan cu tin pleno atencion caba. Parlamentario Ryçond Santos do Nascimento (AVP):

Falta di integridad di e maneho di desperdicio di Ursell

Despues di e debacle cu e rapport di Carmabi cu ta mustra cu awanan na costa Zuid di Aruba ta contamina, minister Arends, a bin cu otro maneho dudoso mas. Ora ta trata di e dump na Parkietenbos deliberadamente el a scohe pa no cana e caminda normal di anuncia un maneho di desperdicio. En particular e no a anuncia ningun destaho publico pa recruta companianan local pa procesa cierto waste streams. Tampoco gobierno a anuncia cu e maneho lo encera cu e gastonan pa procesa cierto tipo di desperdicio lo bira parti di e responsabilidad di ciudadano of di tire repair shops.

Ursell a scohe pa bin cu un maneho mentiroso bao di e nomber Trash2Cash. El a crea e expectativa cu e proyecto di Trash2Cash lo realisa un Economia Circular. Tur cu conoce e materia a pensa di biaha cu Trash2Cash lo duna man y pia na e filosofia Cradle to Cradle: empresanan mester a presenta un business case splicando con nan lo uza sushi (Trash) como materia prima pa crea productonan cu lo a genera un Return on Investment saludabel. Sinembargo, esaki tabata un mentira sin berouw. Empresanan a presenta proyectonan cu no ta rendabel den expectativa cu gobierno lo subsidia nan operacion.

E manera di traha aki di Ursell ta crea hopi pregunta encuanto integridad di e minsiter di Integridad. Ursell, por ehempel, a dicidi di promove riba Facebook e solucion di Jamal di Carentra pa procesa taira. Despues di a propaganda e operacion di Jamal, minister Ursell a monta un show unda cu Jamal mester a bin cu un Power Point Presentation cu su business case splicando con e por converti taira (Trash) den un producto cu lo a genera un ganashi p'e. Ta hustamente aki e rabo di porco ta krul, pasobra aparentemente e operacion di Carentra mester di un subsidio di gobierno pa haci procesamento di taira atractivo p'e. Lamentablemente nunca nos lo sa si ta Carentra a pidi subsidio of si esaki tabata e idea di Ursell. Al fin y al cabo Ursell a aplica e mesun modus operandi cu gobierno a aplica den e caso di Eagle LNG: el a rekeri pa tur hende presente den e presentacionnan di e companianan firma un non-disclosure agreement. Esaki Ursell ta yama transparencia!

Aparentemente gobierno a gusta e opcion di Carentra, pasobra gobierno a dicidi di yuda financia Carentra. Ursell a dicidi di obliga ciudadano/ tire repair shops pa paga pa benta taira afo. Ora algun tire repair shop no kier coopera cu e idea briyante di Ursell e kier rabia tambe y ta bira promove companianan cu si ta bay na su amen. Por ta ta bon pa remarca cu ora mi persona a haci un comentario riba mi FB-pagina encuanto e 3,- florin, Jamal tambe a rabia y a dicidi di post barbaridad. Enfin, henter e cuenta aki ta hole stinki, ta parce un fixmento den dia cla.

Minister Arends por a evita e aparencia di faboritismo aki door di a bin cu un maneho transparente y un destaho publico. E por a splica kico e idea di un economia circular y Cradle to Cradle ta. Cu e tremendo team di mercadeo cu Ursell tin, e por a splica ciudadano desde un inicio cu lo mester contribui financieramente na e solucion di e problema di desperdicio.

Prome Minister Evelyn Wever - Croes:

Masha pabien na FCCA cu e logo nobo y sigui ofrece bon trabou na comunidad

Prome Minister Evelyn Wever - Croes tabatin e honor di hiba palabra na e ocasion special unda cu FCCA a revela su logo nobo. Alabes a felicita FCCA y tur su empleadonan cu semper tabata para cla cu man habri pa yuda. y pabien cu e logo nobo. Masha pabien cu e logo nobo y sigui cu boso bon trabou.

Fundacion Cas pa Comunidad Arubano, mihor conoci como FCCA, ta un fundacion estableci pa Gobierno di Aruba na principio di 1979 cu e obhetivo di resolve e escasez di vivienda social y ofrece un cas adecuado pa e famianan di Aruba, specialmente pa esnan cu tin menos recurso economico. Un trayectorio hopi largo cu a cuminsa na principio di aña 1979 bou di mando di diputado Charro Kelly, awe den felis memoria.

Den e añanan cu a sigui, FCCA a contribui grandemente na e meta aki y awe un gran cantidad di famia por tin un propio hogar. Na 1992 e actividadnan di construccion principalmente tabata wordo financia pa medio di fondonan cu e tabata haya den forma di presta na condicionnan hopi faborabel for di Gobierno Hulandes. Den esaki gobierno tabatin e papel di intermediador. Sinembargo, Desde 1993 FCCA ta haya su fondonan pa medio di prestamonan comercial cu ta bin principalmente di e mercado financiero local.

FCCA ta structura manera un banco di hipoteca pa cas pa famianan di Aruba cu mester un manera adecuado di financia construccion di nan cas, pa cumpra un cas o pa renobacion o ampliacion di nan cas existente.

Prome Minister Wever - Croes a expresa cu e gobierno di e tempo ey lo no por a premira con grandi y exitoso FCCA lo bira, tampoco cuanto proyecto FCCA lo ehecuta durante di transcurso di tempo. Tampoco e gobierno di e tempo ey lo por a premira kico lo tabata e influencia di FFCA riba e reparticion di vivienda riba nos isla. Barionan completo a wordo crea pa cumpli cu e meta di duna cada famia un cas propio.

Manera tur empresa, FCCA tambe tin un emblema, un logo, cu ta haci cu bo ta reconoce e empresa di biaha. Pa añanan tabata conoce e logo cu mihor por wordo describi manera un cas estilo rubiano bieu carga pa tres figura di hende. Sin wak e palabra palabra FFCA banda di e ultimo figura di hende bo tabata sa na ken e ta referi. Desaroyo riba mercado tin biaha ta haci necesario pa bin cu 'rebranding' di bo empresa. E motibonan por ta varios: Bo kier duna bo empresa un cara nobo; E desaroyo y crecemento di Aruba como pais ta haci cu bo mester mas innovativo; Exigencianan medio ambiental ta haci cu abo como empresa mester cumpli cu esakinan; Bo kier acerca un publico nobo pasobra un mercado nobo ta desaroyando of paso bo vision pa futuro ta exigi un flexibilidad mas grandi cu bo tabata eherece te cu awe. E suma total di tur esakinan ta haci cu bo ta yega na e conclusion cu bo tin cu cambia bo mision, vision y proposito. Pa describi esaki sin haci uzo di palabra, un logo ta e manera mas simpel pa haci esaki. Pa ta efectivo den su forma di comunica un logo no necesariamente mester ta algo demasiado complica. Mas simpel mas eficiente.
E logo nobo di FFCA ta e suma total di tur esaki. Si wak e logo nobo bo ta keda asombra di su simplesa. E ta un figura cuadra cu ta consti di 4 triangulo riba su punta, y e tin tres color. E colornan aki cu casi nos tur por reconoce den cas di nos grandinan. E ta e colornan cu e tegelnan di e casnan tabata tin; no solamente aki na Aruba, sino den henter e area di Caribe. E colornan ta tononan di oker/geel y blauw. E triangulonan segun nan secuencia, ta forma un patronchi hopi agradabel pa bista.

Finalisando Prome Minister a bisa: "E logo nobo aki ta sigui simbolisa e empeño y compromiso cu FCCA a desplega pa famianan Arubiano cu a bati na porta pa un ayudo cu nan cas. Mi ta felicita FCCA y tur su empleadonan cu semper tabata para cla cu man habri pa yuda. Masha pabien cu e logo nobo y sigui cu boso bon trabao," Prome Minister a conclui.

As inflation soars, access to Indigenous foods declines

(AP) — Blueberry bison tamales, harvest salad with mixed greens, creamy carrot and wild rice soup, roasted turkey with squash. This contemporary Native American meal, crafted from the traditional foods of tribes across the United States and prepared with "Ketapanen" – a Menominee expression of love – cost caterer Jessica Pamonicutt $976 to feed a group of 50 people last November.

Today it costs her nearly double.

Pamonicutt is the executive chef of Chicago-based Native American catering business Ketapanen Kitchen. She is a citizen of the Menominee Indian Tribe of Wisconsin but was raised in the Windy City, home to one of the largest urban Native populations in the country, according to the American Indian Center of Chicago.

Her business aims to offer health-conscious meals featuring Indigenous ingredients to the Chicago Native community and educate people about Indigenous contributions to everyday American fare.

One day, she aims to purchase all ingredients from Native suppliers and provide her community with affordable access to healthy Indigenous foods, "but this whole inflation thing has slowed that down," she said.

U.S. inflation surged to a new four-decade high in June, squeezing household budgets with painfully high prices for gas, food and rent.

Traditional Indigenous foods — like wild rice, bison, fresh vegetables and fruit in the Midwest — are often unavailable or too expensive for Native families in urban areas like Chicago, and the recent inflation spike has propelled these foods even further out of reach.

Risk of disease compounds the problem: healthy eating is key to battling diabetes, which afflicts Native Americans at the highest rate of any ethnic group in the United States.

"There are many benefits to eating traditional Native foods," said Jessica Thurin, a dietician at Native American Community Clinic in Minneapolis. "The body knows exactly how to process and use that food. These foods are natural to the Earth."

But many people the clinic serves are low-income and do not have the luxury of choosing where their food comes from. Food deserts – areas with limited access to a variety of healthy and affordable foods – are more likely to exist in places with higher rates of poverty and concentrations of minority populations.

Fauci to step down after decades as top US infection expert

(AP) — Dr. Anthony Fauci, the nation's top infectious disease expert who became a household name — and the subject of partisan attacks — during the COVID-19 pandemic, announced Monday he will leave the federal government in December after more than five decades.

Fauci directs the National Institute of Allergy and Infectious Diseases, is chief medical adviser to President Joe Biden and also leads a lab studying the immune system.

While the COVID-19 pandemic introduced him to millions of Americans, he's given straight-talk to the nation about numerous outbreaks including HIV/AIDS, SARS, pandemic flu, Ebola and the 2001 anthrax attacks.

"I've gone into this campus and into the labs and into the hospital every day, including most weekends, for 54 years. The idea of walking away from it obviously is bittersweet," Fauci told The Associated Press.

In announcing his departure, the 81-year-old Fauci called his roles "the honor of a lifetime" but said it was time "to pursue the next chapter of my career."

Known for his candor and for the ability to translate complex medical information into everyday language, Fauci has been a key adviser to seven presidents starting with Ronald Reagan.

Fauci became the face of the government response to COVID-19 as it hit in early 2020, with frequent appearances on television news and at daily press conferences with White House officials, including then-President Donald Trump. But as the pandemic deepened, Fauci fell out of favor with Trump when his urgings of continued public caution clashed with the former president's desire to return to normalcy and to promote unproven treatments for the virus.

Fauci found himself marginalized by the Trump administration, but he continued to speak out publicly in media interviews, advocating social distancing and masks in public settings before the rollout of the COVID-19 vaccines.

He was also the subject of political attacks and death threats and was given a security detail for his protection.

When Biden won the White House, he asked Fauci to stay on in his administration in an elevated capacity.

"I've been able to call him at any hour of the day for his advice," Biden said in a statement. "Whether you've met him personally or not, he has touched all Americans' lives with his work. I extend my deepest thanks for his public service. The United States of America is stronger, more resilient, and healthier because of him."

Fauci said he planned to continue working after leaving the government, saying he wants to use his experience "to hopefully inspire the younger generation of scientists and would-be scientists" to consider a career in public service.

For all the rancor of the coronavirus pandemic, it wasn't Fauci's first run-in with an angry public. He became head of the infectious diseases branch of the National Institutes of Health in 1984 when the nation was in the throes of the AIDS crisis. Activists protested what they saw as government indifference and Fauci, frustrated at being unable to save dying patients in the NIH's hospital, brought them to the table in the hunt for treatments.

Later, under President George W. Bush, Fauci helped develop PEPFAR, the President's Emergency Plan for AIDS Relief, to bring life-saving HIV treatments to developing countries. In 2008, Bush awarded Fauci the Presidential Medal of Freedom.

Fauci said Monday he'd hoped there would be a successful HIV vaccine before he retired but "it wasn't for lack of trying" to overcome extraordinary scientific challenges posed by that virus.

Fast forward to COVID-19, and for many Americans, Fauci has remained a trusted voice even as scientists were surprised again and again by a fast-evolving new virus. The NIH had laid the scientific groundwork for the speedy development of powerful coronavirus vaccines that, while not perfect, are highly effective at preventing serious illness and death.

Trump's turbulent White House years culminate in Fla. search

(AP) — Mounds of paper piled on his desk. Framed magazine covers and keepsakes lining the walls. One of Shaquille O'Neal's giant sneakers displayed alongside football helmets, boxing belts and other sports memorabilia, crowding his Trump Tower office and limiting table space.

Well before he entered politics, former President Donald Trump had a penchant for collecting. And that lifelong habit — combined with his flip disregard for the rules of government record keeping, his careless handling of classified information, and a chaotic transition born from his refusal to accept defeat in 2020 — have all culminated in a federal investigation that poses extraordinary legal and political challenges.

The search of Trump's Mar-a-Lago club earlier this month to retrieve documents from his White House years was an unprecedented law enforcement action against a former president who is widely expected to run for office once again. Officials have not revealed exactly what was contained in the boxes, but the FBI has said it recovered 11 sets of classified records, including some marked "sensitive compartmented information," a special category meant to protect secrets that could cause "exceptionally grave" damage to U.S. interests if revealed publicly.

Why Trump refused to turn over the seized documents despite repeated requests remains unclear. But Trump's flouting of the Presidential Records Act, which outlines how materials should be preserved, was well documented throughout his time in office.

He routinely tore up official papers that later had to be taped back together. Official items that would traditionally be turned over to the National Archives became intermingled with his personal belongings in the White House residence. Classified information was tweeted, shared with reporters and adversaries — even found in a White House complex bathroom.

John Bolton, who served as Trump's third national security adviser, said that, before he arrived, he'd heard "there was a concern in the air about how he handled information. And as my time went on, I could certainly see why."

Others in the Trump administration took more care with sensitive documents. Asked directly if he kept any classified information upon leaving office, former Vice President Mike Pence told The Associated Press on Friday, "No, not to my knowledge."

The investigation into Trump's handling of documents comes as he's facing mounting legal scrutiny on multiple fronts. A Georgia investigation into election interference has moved closer to the former president, with former New York City Mayor Rudy Giuliani, a top defender, informed earlier this month that he is a target of a criminal probe.

Meanwhile, Trump invoked his Fifth Amendment protection against self-incrimination as he testified under oath in the New York attorney general's long-running civil investigation into his business dealings. A top executive at the business pleaded guilty last week in a tax fraud case brought by the Manhattan district attorney.

But few legal threats have galvanized Trump and his most loyal supporters like the Mar-a-Lago search. The former president and his allies have argued the move amounts to political persecution, noting the judge who approved the warrant has given money to Democrats. The judge, however, has also supported Republicans. And White House officials have repeatedly said they had no prior knowledge of plans to search the estate.

DC's pioneering 'Baby Bonds' plan aims to narrow wealth gap

(AP) — Aaliyah Manning's dreams of becoming a psychologist ended abruptly during her freshman year at Potomac State in West Virginia when the cost of continuing her education became overwhelming.

"The money just wasn't there," she said. "I knew I wasn't going to finish so I just had fun."

After a year, Manning, 25, was back in the nation's capital working fast food jobs. Now she lives largely on public assistance in a two-bedroom apartment with her boyfriend, his mother and his 9-year-old daughter from another relationship. She still has student debt and there's a baby boy on the way.

She sees a brighter future for that baby, thanks to a landmark social program being pioneered in Washington. Called "Baby Bonds," the program will provide children of the city's poorest families with up to $25,000 when they reach adulthood. The money is to be used for a handful of purposes, including education.

"It would be such a different opportunity for him, a lot different than what I had," Manning said of her soon-to-arrive baby.

In just over a decade, the Baby Bonds idea has moved from a fringe leftist concept to actual policy, with the District of Columbia as the first laboratory. Lawmakers from coast to coast are monitoring the experiment, one that proponents say could reshape America's growing wealth gap in a single generation if instituted on a federal level.

One week after giving birth to her second child, a daughter named Kali, Aaliyah Wright told The Associated Press that she did not anticipate having much savings to help her children when they reached adulthood, especially with about $80,000 in student loan debt.

She and her husband, Kainan, are on Medicaid despite steady jobs (she's a case worker at a nongovernmental organization and he's a barber) and an estimated annual income of about $70,000.

Even at that income level, their new daughter still would qualify for the city's Baby Bonds program, although at a lower level.

"At that stage of maturity and adulthood, that money can be a door opener to some pretty big things," Kainan Wright said

Despite the name, the bonds are more accurately trust funds, designed to provide a boost of capital at a critical time in the lives of the country's poorest children. At age 18, each enrolled child would receive a large lump sum payment that can be used to pay for higher education, invest in a business or make a down payment on a home.

"Think about all the things that people with money do to support themselves or what parents do for kids," said Kenyan McDuffie, a District of Columbia Council member who pushed through Washington's Baby Bonds program last summer. The clock started ticking in October and as of mid-August the city has so far identified 833 babies born since then who will receive up to $25,000 when they turn 18.

"Think about all those young folks who are going to be here in a city trapped in poverty, graduated from high schools turning 18," McDuffie said. "And then having an account with money in it for them."

It's an expensive and long-simmering investment that by definition will take a generation of sustained political willpower to truly bear fruit. The district's program will cost $32 million for the first four years alone.

The idea was originally proposed in 2010 by academics William Darity and Darrick Hamilton as a way to break the poverty cycle by giving children of poor families a chance to build long-term equity — either actual property, a stake in a business or the earning potential that comes from higher education.

It came to mainstream attention when Sen. Cory Booker, D-N.J., made it a centerpiece of his 2020 presidential campaign.

3 Arkansas officers suspended after video captures beating

(AP) — Three Arkansas law enforcement officers were suspended, and state police launched an investigation after a video posted on social media showed two of them beating a suspect while a third officer held him on the ground.

The officers were responding to a report of a man making threats outside a convenience store Sunday in the small town of Mulberry, about 140 miles (220 kilometers) northwest of Little Rock, near the border with Oklahoma, authorities said.

The video shows one officer punching the suspect with a clenched fist, while another can be seen hitting the man with his knee. The third officer holds him against the pavement.

In video recorded from a car nearby, someone yells at officers to stop hitting the man in the head. Two of the officers appear to look up and say something back to the person who yelled. The officers' comments could not be heard clearly on the video.

Two Crawford County sheriff's deputies and one Mulberry police officer were suspended, city and county authorities said.

Arkansas State Police said the agency would investigate the use of force. State police identified the suspect as Randal Worcester, 27, of Goose Creek, South Carolina.

He was taken to a hospital for treatment then released and booked into the Van Buren County jail on multiple charges, including second-degree battery, resisting arrest and making terroristic threats, state police said.

Worcester was released Monday on $15,000 bond. When asked how he was feeling, he said "all right." An attorney who escorted him from jail declined to comment on his behalf. Worcester was pushing a bicycle as he left the jail.

Worcester's father declined to comment when contacted Monday by The Associated Press. He referred a reporter to a law firm representing the family. That firm said it was still trying to gather information and did not immediately have a comment on the video.

Worcester is white, according to jail booking information, and the three officers involved also appear to be white.

The Crawford County Sheriff's Office identified the three officers as Crawford County deputies Zack King and Levi White and Mulberry police officer Thell Riddle.

"I hold all my employees accountable for their actions and will take appropriate measures in this matter," Crawford County Sheriff Jimmy Damante said.

Police file terrorism charges against Pakistan's Imran Khan

(AP) — Pakistani police have filed terrorism charges against former Prime Minister Imran Khan, authorities said Monday, escalating political tensions in the country as the ousted premier holds mass rallies seeking to return to office.

The charges followed a speech Khan gave in Islamabad on Saturday in which he vowed to sue police officers and a female judge and alleged that a close aide had been tortured after his arrest.

Khan himself has not publicly spoken about the latest charges against him. However, a court in Islamabad issued a so-called "protective bail" for Khan for the next three days, preventing police from arresting him over the charges, said Shah Mahmood Qureshi, a senior leader in his Tehreek-e-Insaf opposition party.

Hundreds of Tehreek-e-Insaf members stood outside Khan's home on Monday in a show of support as the former premier held meetings inside. The party has warned that it will hold nationwide rallies if Khan is arrested while working to try to squash the charges in court.

"We will take over Islamabad and my message to police is ... don't be part of this political war anymore," warned Ali Amin Khan Gandapur, a former minister under Khan.

Under Pakistan's legal system, police file what is known as a first information report about charges against an accused person to a magistrate judge, who allows the investigation to move forward. Typically, police then arrest and question the accused.

The report against Khan includes testimony from Magistrate Judge Ali Javed, who described being at the Islamabad rally on Saturday and hearing Khan criticize the inspector-general of Pakistan's police and another judge. Khan went on to reportedly say: "You also get ready for it, we will also take action against you. All of you must be ashamed."

Khan could face several years in prison from the new charges, which accuse him of threatening police officers and the judge under Pakistan's 1997 anti-terrorism law, which granted police wider powers amid sectarian violence in the country.

However, 25 years later, critics say the law helps security forces skirt constitutional protections for defendants while governments also used it for political purposes. Other former Pakistani politicians, including former

Prime Minister Nawaz Sharif and former President Gen. Pervez Musharraf, also have been targeted in probes using the law.

Khan has not been detained on other lesser charges levied against him in his recent campaigning against the government.

Also on Monday, a court in Islamabad ruled that contempt proceedings would begin Tuesday against Khan for threatening a judge, according to court officials. Usually, Pakistani courts pardon people if they apologize, although some politicians have also been convicted in the past for insulting judges.

The Pakistani judiciary also has a history of politicization and taking sides in power struggles between the military, the civilian government and opposition politicians, according to the Washington-based advocacy group Freedom House. Current Prime Minister Shahbaz Sharif likely will discuss the charges against Khan at a Cabinet meeting scheduled for Tuesday.

Khan came to power in 2018, promising to break the pattern of family rule in Pakistan. His opponents contend he was elected with help from the powerful military, which has ruled the country for half of its 75-year history.

In seeking Khan's ouster earlier this year, the opposition had accused him of economic mismanagement as inflation soars and the Pakistani rupee plummets in value. The parliament's no-confidence vote in April that ousted Khan capped months of political turmoil and a constitutional crisis that required the Supreme Court to step in. Meanwhile, it appeared the military similarly had cooled to Khan.

Russia blames Ukraine for nationalist's car bombing death

(AP) — Moving quickly to assign blame, Russia on Monday declared Ukrainian intelligence responsible for the brazen car bombing that killed the daughter of a leading right-wing Russian political thinker over the weekend. Ukraine denied involvement.

Darya Dugina, a 29-year-old commentator with a nationalist Russian TV channel, died when a remotely controlled explosive device planted in her SUV blew up on Saturday night as she was driving on the outskirts of Moscow, ripping the vehicle apart and killing her on the spot, authorities said.

Her father, Alexander Dugin, a philosopher, writer and political theorist who ardently supports Russian President

Vladimir Putin's decision to send troops into Ukraine, was widely believed to be the intended target. Russian media quoted witnesses as saying that the SUV belonged to Dugin and that he had decided at the last minute to travel in another vehicle.

Russia's Federal Security Service, or FSB, the main successor to the KGB, said Dugina's killing was "prepared and perpetrated by the Ukrainian special services."

The FSB said a Ukrainian citizen, Natalya Vovk, carried out the killing and then fled to Estonia.

In Estonia, the prosecutor general's office said in a statement carried by the Baltic News Services that it "has not received any requests or inquiries from the Russian authorities on this topic."

The FSB said Vovk arrived in Russia in July with her 12-year-old daughter and rented an apartment in the building where Dugina lived in order to shadow her. It said that Vovk and her daughter were at a nationalist festival that Dugin and his daughter attended just before the killing.

The agency released video of the suspect from surveillance cameras at the border crossings and at the entrance to the Moscow apartment building.

The FSB said Vovk used a license plate for Ukraine's Russian-backed separatist Donetsk region to enter Russia and a Kazakhstan plate in Moscow before switching to a Ukrainian one to cross into Estonia.

Ukraine's presidential adviser Mykhailo Podolyak denied any Ukrainian involvement in the bombing. In a tweet, he dismissed the FSB claims as fiction, casting them as part of infighting between Russian security agencies.

Italy's Meloni shocks opponents with alleged rape video

(AP) — The far-right candidate who aspires to be Italy's first female leader came under fire Monday from opponents for posting a pixelized video that purports to show a woman being raped by an asylum-seeker.

Giorgia Meloni, the leader of the Brothers of Italy party that has neo-fascist roots, on Sunday evening reposted a video on Twitter from an Italian news site that was taken by a witness from a window overlooking the street. The woman, identified as Ukrainian, can be heard yelling in distress. A 27-year-old asylum-seeker from Guinea has been arrested in the sexual assault, according to Italian media reports.

"One cannot remain silent front of this atrocious episode of sexual violence in broad daylight in Piacenza by an asylum-seeker,'' Meloni wrote. "A hug for this woman. I will do everything possible to restore security to our cities."

Her main opponent in the Sept. 25 vote, Democratic Party leader Enrico Letta, countered in a radio interview that reposting the video went beyond "the bounds of dignity and decency."

A former education minister, Lucia Azzolina, said posting the alleged rape video "is not an official criminal complaint, but instrumentalization'' of violence.

Meloni's allusion to security in Italian cities is a right-wing theme in this election campaign, which also hits at immigration. She was backed by coalition partner Matteo Salvini, the leader of the right-wing League party and former firebrand interior minister, who pledged that "defending our borders and Italians will be a duty for me, not a right."

In a video response to Letta's criticism, Meloni emphasized that no one is identifiable in the video and that the center-left leader had failed to condemn the attack itself.

Polls show the Brothers of Italia having a potential lead with voters over the Democratic Party ahead of the parliamentary election, but neither have enough support to govern alone. Meloni can expect a significant boost from her coalition partners — the League and Silvio Berlusconi's center-right Forza Italia party — while Letta is aligned with much smaller parties.

Serb official visits Moscow, calls sanctions EU 'hysteria'

(AP) — Serbia's interior minister met with Russian Foreign Minister Sergey Lavrov on Monday in Moscow in a rare visit by a state official from Europe, highlighting Belgrade's refusal to join Western sanctions against Russia over its war in Ukraine.

Interior Minister Aleksandar Vulin, who is known for his pro-Russia and anti-Western stance, said he told Lavrov during their meeting that "Serbia is the only state in Europe that didn't introduce sanctions and was not part of the anti-Russian hysteria."

Serbia, which formally seeks European Union membership, has for years been drifting away from its EU path and toward traditional Slavic ally Russia, as well as China.

Vulin is considered "Moscow's man" within the Serbian government.

Vulin has been advocating the creation of "the Serbian World" that would unite all Serbs in the Balkans under one flag led by Serbian President Aleksandar Vucic.

Vulin has said that Serbia should abandon its EU membership goal and instead turn to Moscow, and he has often blasted Serbia's neighbors and their leaders, calling them derogatory names.

Serbian opposition officials have been questioning the purpose of Vulin's visit to Moscow as a new Serbian government is about to be formed — long-awaited after the April general election. Most believe that his trip to Russia was organized by Moscow as a way to pressure Belgrade to include him in the new Cabinet.

Lavrov had planned to visit Belgrade in June, but Serbia's NATO-member neighbors have refused to allow his plane to fly over their territory.

Vulin said in a statement from Moscow on Monday that he "deeply regrets the fact that Minister Lavrov was prevented from visiting Belgrade in June by the will of other countries, pointing out that by banning Minister Lavrov's official visit to Serbia, all principles of international law were violated."

Prince William, Kate relocate from London to Windsor cottage

(AP) — Prince William and his wife, Kate, will relocate their family from central London to more rural dwellings in Windsor, and all three of their children will attend the same private school near their new home, palace officials said Monday.

William and Kate will move from Kensington Palace in west London to Adelaide Cottage, about a 10-minute walk from Windsor Castle, palace officials said in a statement.

The move means that the family will be much closer to Queen Elizabeth II, who has lived in Windsor Castle since the beginning of the coronavirus pandemic. The queen's official residence is Buckingham Palace in London, but some British media reports have said the monarch, 96, may now permanently reside in Windsor.

Prince George, 9, Princess Charlotte, 7, and Prince Louis, 4, will all start at the private Lambrook School in nearby Ascot in September. George and Charlotte had been attending a school in south London, and Louis is just starting his formal full-time schooling.

Adelaide Cottage, built in 1831 for Queen Adelaide, the wife of King William IV, is a four-bedroom home of relatively modest size for the royals.

But William and Kate will retain their apartment in Kensington Palace as their official working base, as well as their 10-bedroom country mansion in Norfolk and a holiday cottage in Scotland.

Dortmund searching for answers after late collapse to Bremen

(AP) — Borussia Dortmund had hoped late collapses and questions about the team's mentality were a thing of the past.

Coach Edin Terzić was the first at the club to oversee nine Bundesliga wins in a row during his first stint in charge. His team started this season with wins over Bayer Leverkusen and Freiburg, despite not playing particularly well.

Then came Saturday's shock, when Dortmund set an unwanted Bundesliga record.
Never before in the league had a team conceded three goals after the 88th minute, as Dortmund did in throwing away a two-goal lead to lose 3-2 at home to promoted Werder Bremen.

"You also have to say that we were a bit fortunate in the first two games. Today we were punished for it," Dortmund captain Marco Reus said.

Suddenly, all the old questions are being asked again. Dortmund's title challenge is being undermined by doubts and uncertainty, and Bayern Munich looks even more assured of claiming a record-extending 11th consecutive league title.

Despite finishing second last season, Dortmund parted ways with Terzić's predecessor Marco Rose after an inconsistent campaign characterized by home and away losses to both Bayern Munich and Leipzig along with other disappointing defeats.

Dortmund finished eight points behind Bayern despite its rival dropping points in 10 games. Dortmund exited the Champions League in the group stage, and the German Cup in the third round.

Terzić, who led Dortmund to the German Cup title as interim coach the season before, was brought back for this season with the task of challenging for trophies again.

But so far, despite summer reinforcements in attack and defense, Dortmund has failed to impress. Julian Brandt and Raphaël Guerreiro's goals against Bremen were the team's first and second attempts on target – in first half injury time and in the 77th minute. Bremen dominated the game.

"That was a very poor performance from us. We didn't manage to control the game and we allowed a lot of chances, both in the first half, when we went ahead with the last action, or in the second, when we wanted to do much better," Terzić said. "Still, when you're winning 2-0 up to the 88th minute, you have to win the game, even if it's not a good game. And how we conceded the goals was really stupid. So annoying."

Ex-Formula One boss Bernie Ecclestone denies fraud charge

(AP) — Former Formula One boss Bernie Ecclestone on Monday denied a fraud charge over his alleged failure to declare millions of pounds (dollars) in overseas assets.

Ecclestone, 91, entered a not guilty plea as he appeared at Westminster Magistrates' Court in London for a brief hearing.

Prosecutors issued a charge of fraud by false representation between July 2013 and October 2016 after British tax officials carried out a worldwide investigation into Ecclestone's finances.

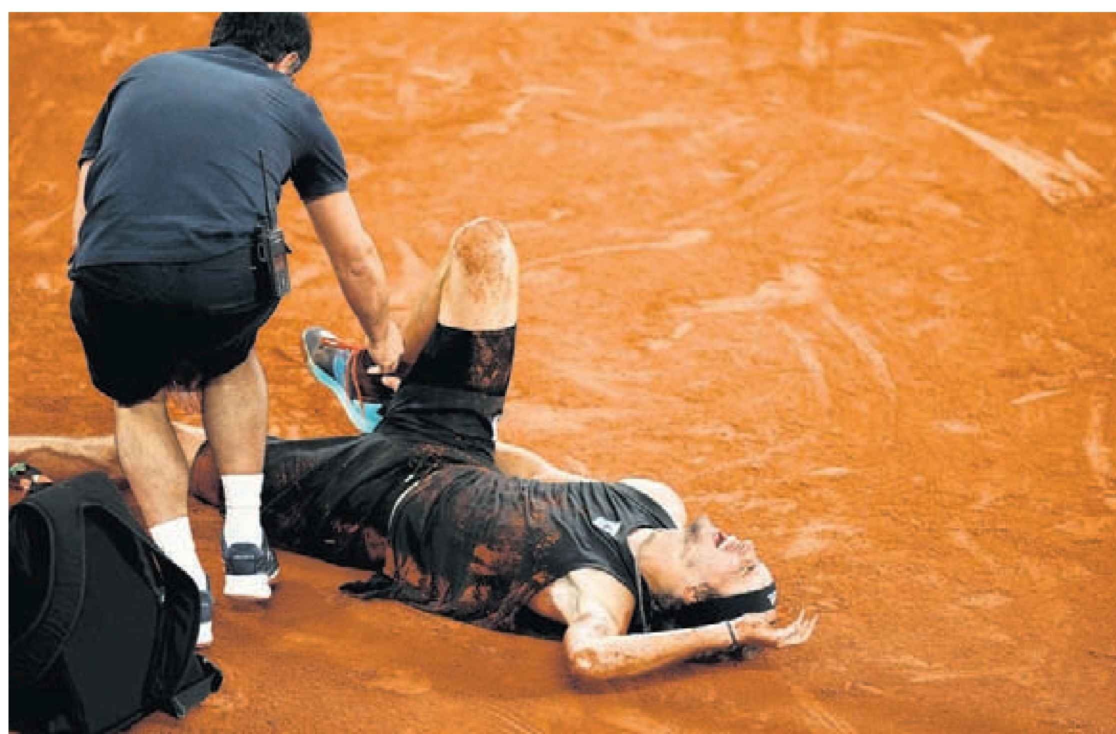

Prosecutor Robert Simpson told the court that Ecclestone did not declare a trust in Singapore with a bank account containing about $650 million when he was asked about any trusts abroad that he was involved in.

The business magnate, dressed in a three-piece suit, was escorted into the court building's exit by security guards and his legal team. He was granted unconditional bail ahead of his next appearance at Southwark Crown Court on Sept. 19.

Ecclestone headed Formula One racing and controlled the sport for for four decades from the 1970s to 2017, when he stepped down as chief executive and Liberty Media took over the series.

He was arrested in Brazil in May for carrying a gun in his luggage while boarding a plane.

Zverev, 2020 US Open runner-up, to miss event with injury

(AP) — Alexander Zverev, the 2020 U.S. Open runner-up, will miss the tournament this year while recovering from surgery on his right ankle.

Zverev tore ligaments in the ankle during his semifinal match against Rafael Nadal at the French Open in June, and the No. 2-ranked player withdrew from the U.S. Open on Monday.

The 25-year-old German was on the verge of his first Grand Slam title two years ago in Flushing Meadows before Dominic Thiem rallied to beat him in a fifth-set tiebreaker. It was the first time a man overcame a 2-0 deficit in the final of the event since Pancho Gonzalez did it against Ted Schroeder in 1949.

Zverev won the Olympic gold medal in Tokyo last year and then returned to the U.S. Open semifinals, losing to Novak Djokovic in five sets.

American Stefan Kozlov moved into the main draw for the tournament. Main draw play begins next Monday.

Reilly Opelka, who won two titles earlier this year, also withdrew Monday because of injury. He reached the fourth round of the U.S. Open last year. Fellow American Jack Sock took his place in the main draw.

Angry Man United fans protesting ahead of Liverpool game

(AP) — Thousands of Manchester United fans angry at the direction of the club under its American owners took part in a protest ahead of the Premier League game against Liverpool on Monday.

The supporters chanted against the Glazer family — "We want Glazers out" — and held banners calling for the Americans to sell United as they walked from a nearby pub to the club's storied Old Trafford stadium during the hour before kickoff of one of the biggest matches in English soccer.

Many supporters around the ground were wearing green-and-gold scarves — the colors of the club's 1878 formation — and some also set off flares. There appeared to be a robust police presence on Sir Matt Busby Way at the entrance to the stadium forecourt.

The players from both teams, including United's Cristiano Ronaldo, arrived at the ground before the protest started.

Discontent has soared following United's poor start to the season, which has seen the team lose both of its games — 2-1 at home to Brighton and a 4-0 humiliation at Brentford.

The target of the majority of the anger is the Glazer family, which bought United in 2005 with a leveraged takeover that loaded debt onto a club which previously didn't have any. Critics say the Glazers, who also own the NFL's Tampa Bay Buccaneers, have failed to invest enough of their own cash in the squad or facilities and have presided over years of failure by England's biggest team.

Payments on interest, debt and dividends to the Glazers are estimated to have cost United more than 1 billion pounds.

"They are ruining the history, traditions and culture of our great club and (we) will not stand by and watch our club rot away any longer," said The 1958, a fans' group that arranged Monday's protest.

Dissent toward the ownership, which has simmered since the 2005 takeover, erupted in May last year when a home league game against Liverpool had to be called off after the stadium — empty because of pandemic restrictions — was stormed before the game and thousands more supporters blocked access into Old Trafford. Two police officers were injured in clashes with fans.

That protest was sparked by the club's involvement in the failed European Super League breakaway that collapsed amid a groundswell of condemnation from fans and the British government.

The Glazers pledged to rebuild trust with United fans in the wake of that protest but there has been little evidence of that. Joel Glazer, a co-chairman, met in person with United fans in June 2021 and outlined his intentions to invest heavily in all aspects of the club and strengthen fan representation in the decision-making process.

Last week, Jim Ratcliffe, the majority shareholder of chemical group Ineos and one of Britain's richest people, expressed an interest in buying United, soon after Elon Musk tweeted — jokingly, as it turned out — that he wanted to do the same.

United won the last of its record 20 English league titles in 2013, the year managerial great Alex Ferguson retired. In recent years, two of United's biggest rivals, Manchester City and Liverpool, have dominated the domestic game.

United hasn't won a major trophy in five seasons, its worst run since the early 1980s, despite the club having spent $1.5 billion on players since 2013.

United's latest signing, Brazil midfielder Casemiro, arrived at Old Trafford earlier Monday ahead of the Liverpool match and was introduced to fans on the field before kickoff as his transfer was being confirmed by the club. He is reportedly costing $60 million, with the club scrambling to bring in players in the final days of the transfer window.

This season has started badly, too, under Erik ten Hag, its fifth manager since Ferguson. There are already question marks over the Dutch coach's tactics and team selection.

The future of star striker Ronaldo is also uncertain after he pushed to leave during the offseason because United didn't qualify for the Champions League.

Ronaldo was dropped to the bench against Liverpool, along with club captain Harry Maguire.
